

EUROSIM 2007

6th EUROSIM Congress on Modelling and Simulation

September 9 – 13, 2007, Ljubljana, Slovenia

Sponsorship/Exhibition/Advertising Prospectus

Dear partners, colleagues from the modelling and simulation community!

EUROSIM is the Federation of European Simulation Societies, which currently includes eleven full members and three observer members including the following countries: Austria, Germany, Switzerland, Croatia, Czech Republic, Slovak Republic, Belgium, Netherlands, France, Hungary, Italy, Denmark, Finland, Norway, Sweden, Slovenia, United Kingdom, Ireland, Poland, Latvia, Spain and Romania. It is a kind of umbrella over regional societies with the aim to promote the area of modelling and simulation, to coordinate international events, to establish the better connection between academic and industrial environment, etc. (see www.eurosim.info). The president of EUROSIM is in the period 2004-2007 prof. dr. B. Zupančič from Slovenian Society for Simulation and Modelling - SLOSIM. One of the important activities of EUROSIM is the organization of the triennial congress, which will in Sept. 2007 take place in Ljubljana, Slovenia (see www.eurosim2007.org) and will be organized by the Slovenian Society for Simulation and Modelling with cooperation of other EUROSIM member societies and the University of Ljubljana, Faculty of Electrical Engineering.

Triennial EUROSIM congress is an important modelling and simulation event in Europe. We expect about 350 people from all over the world, from the west and from the east. We expect people from academic and industrial institutions. Although the organisation is non profit and with a lot of voluntarily work, the participant fees do not cover the expenses and some other sources are needed.

We invite you to support this important scientific event and to contribute to successful organisation as a donator, sponsor, advertiser or exhibitor. Attached we send you an official sponsorship prospectus with some possibilities for you. However we are willing to discuss with you about any other ideas and suggestions.

With best personal regards,

Prof. dr. R. Karba

Prof. dr. B. Zupančič

Prof. dr. T. Slivnik

Chairman of the IPC
President of SLOSIM

Chairman of the Congress
President of EUROSIM

Dean of the Faculty of El. Eng

INTRODUCTION TO THE CONGRESS

Official name: **EUROSIM 2007**
6th EUROSIM Congress on Modelling and Simulation
Congress date: September 9 – 13, 2007
Organiser: Slovenian Society for Simulation and Modelling SLOSIM
University of Ljubljana, Faculty of Electrical Engineering

SCIENTIFIC PROGRAMME

Topics of Interest:

The scope includes all aspects of continuous, discrete (event) and hybrid modelling, simulation, identification and optimisation approaches. So the common denominator is problems solving with modelling and simulation in a way that can be useful also for solving other problems in similar or different areas. Contributions from technical (engineering) areas but also from nontechnical areas are welcome.
