

Modelling and Simulation in Medicine and Pharmacy

Modelling and simulation have become a very strong tool for understanding and solving problems also in the field of medicine and pharmacy. In this situation, it makes sense to discuss the approaches and diversity of methods and tools which proved to be important for solving problems from the mentioned fields.

Do not hesitate to contact us if you have any doubts regarding the integration of your work in our session.

Session organizers:

prof. dr. Jože Drinovec

Faculty for Medicine, Slomškov trg 15, 2000 Maribor
Krka d. d., Dunajska 65, 1000 Ljubljana

prof. dr. Aleš Mrhar

Faculty for Pharmacy, Aškrčeva 7, 1000 Ljubljana

ass. prof. dr. Maja Atanasijević-Kunc (contact person)

Faculty for Electrical Engineering, Tržaška 25, 1000 Ljubljana

e-mail: maja.atanasijevic@fe.uni-lj.si

phone: +386 (0)1 4768 314
